## Tennis Notes.

The annual meeting of Didsbury Tennis Club was held in the public school on Monday night when the following officers were elected for the coming season:

Hon. Pres., Dr. H. C. Liesemer  
President, Mr. R. H. Eubank  
Vice-President, Mr. Tom Rorda  
Secretary-Treasurer, Mr. O. Kirk  
Considerable improvements are to be made at the courts—a new net, new tapes and a re-surface of red shale. A pumphouse is to be erected to safeguard tools and equipment, and a caretaker is to be engaged so that the courts will be in perfect condition at all times.

The fees will remain the same as last year.

All persons intending to play tennis this season are urgently requested to get in touch at once with any member of the executive so that the club may get under way at an early date.

## Union Good Friday Service.

A Union Good Friday Service will be held in the M.B.C. Church on Friday morning at 11 o'clock, when Rev. J. R. Geeson, of Knox Church, will bring the message. Observe Good Friday by attending church.

## WEEKLY JOKE

Doris: "It must be awful to talk in your sleep."

Doreen: "It's far worse to talk in other people's sleep."

Doris: "Who does?"

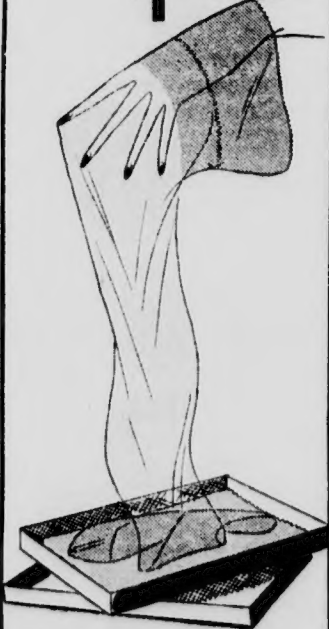

Doreen: "Our minister."

## MAC'S SERVICE HARDWARE

If Its *SPRING* Hardware

- - We Have It!

"Try Our Hardware for *HARD* Wear!"

## Knox United Church Notes.

We approach the supreme event of the Christian calendar. To let it pass into history without being challenged anew to a consecration of all we have to Him, who lifted it so high that it can be seen from the deepest grave, is to make ourselves unworthy.

Resurrection Day is here. The long dark night has gone. The morning star has lifted rosy fingers which stream out from the eastern sky announcing the approach of a new day to the world. Death is vanquished. Life reigns. Christ is King. We pass out of the shadows and the darkness into morning light.

The race has a passionate longing for continued existence. We know that we have powers capable of endless progression; faculties which find no appropriate sphere on earth. This world cannot bind our intellect. Man cannot believe that the light of intellect was meant to be quenched in oblivion, or that his hopes were to be mocked and his longing unsatisfied. He knows himself to be infinite in taste, because eternity is in his heart.

Our only assurance is Christ. Elsewhere we have promises, but in Him we have a word of truth. Nature gives us hints, but cannot go beyond these. Philosophy would have us rest our soul on a guess. Science would satisfy our thirst with an abstraction. Christ alone has power over the grave. He surrendered Himself to death in its most terrible form and freed Himself unharmed. We have part in His glorious victory through our faith. He has promised it—and His word is truth.

If we are grateful for the fact that He has made death a gateway to a glorious life, we should have some practical way of showing our gratitude. It is only as we thus show our praise that we give expression to what we feel in His resurrected life. It is certainly no time for us to enjoy silently this great victory, but it is a time to set the mind at work to prove the measure of our gratitude.

The evening service on Easter Day will be a service of worship and praise. The Choir will render a sacred cantata entitled "King Triumphant." We strongly urge all our members and friends to avail themselves of this time of worship.

With regard to Westcott and Westerdale it is hoped that it will be possible to have Easter services and the Easter Communion. Arrangements will be made by telephone.

## Evangelical Church Notes

Easter Sunday services will be as follows: In the morning at 10:30 there will be the usual Communion Service and Reception of Members, followed by the Easter Sermon. Sunday School will follow immediately after the morning service.

In the evening the Senior and Junior Choirs will render an Easter cantata and pageant entitled, "God's Chariot."

A special Easter offering will be received at both the morning and evening service.

Why not make this "Family Day" and have all the family attend church in a body? Let our slogan be, "Every member of every family present at the Easter services."

## Mountain View M.D. Sets Tax Rate

The municipal tax rate was set at 7½ mills at the meeting of the Mountain View municipal council held at Olds on Saturday afternoon.

The estimates for the year were considered and the amount of expenditures was approved at \$42,285.

Included in the expenditures estimated are the following items:

Administration	\$ 5058 00
Direct Relief	3000 00
Municipal Relief, Old age pensions, mothers allowance and grants	7610 00
Protection of property	900 00
Estimated discounts	1800 00
Public Works	23,916 00

The Provincial Social Service Tax which replaces the Supplementary Revenue Tax, will be 3 mills, as against 2 mills last year. The municipal tax of 7½ mills is the same as last year.

A by-law was passed which allows a discount of 10% on current taxes paid on or before May 31; 7% discount on payments made from June 1 to August 31; and 5% discount on payments made by December 15.

The council approved of a resolution submitted by Carbon Municipality, asking for the continuance of the Wheat Board.

A number of applications for seed grain relief were approved and it was pointed out that the provincial government had set the cut-off date seed grain relief as March 31, after which no application will be received.

Two applications for tax consolidation were approved and the secretary reported that notice had been served of three new certificates granted under the Farmers' Arrangements Act.

## BIRTHS

at Didsbury General Hospital

April 4 to Mr. and Mrs. George Clarke a daughter.

April 7 to Mr. and Mrs. Basil Atkinson a daughter.

April 7 to Mr. and Mrs. W. Purdy a daughter.

## RUGBY NOTES

The April meeting of Rugby W.I. was held at the home of Mrs. H. Hosegood with an attendance of 14. In response to the Red Cross appeal for funds it was decided to send a donation to the Junior Red Cross. After business was concluded Mrs. Parker took up the topic for the day "Household Economics," and her interesting talk and suggestions were much enjoyed. A contest prepared by Mrs. Hosegood concluded the afternoon's program and the meeting then adjourned. The W.I. will meet next month at the home of Mrs. Parker.

## In the District Court of the District of Southern Alberta Judicial District of Calgary.

In the Estate of John Sohl, late of Napa, in the State of California, one of the United States of America, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above-named John Sohl, who died on the 10th day of January, 1934, are required to file with the undersigned by the 15th day of May, 1936, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the administration will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 4th day of April, 1936.  
A. H. GOODALL AND CAIRNS  
Solicitors for Administrator,  
707, Lancaster Building,  
Calgary, Alberta.

## Children's Operetta Splendid Performance

It was upon a bright and colorful scene that the curtain rose at the operetta, "The Magic Piper," given by the Public School children at the Opera House on Friday night. The children, in their Dutch costumes of every imaginable color, assembled in the town square of Hamlin, made a pretty sight indeed. The scenery which had been painted by Eddie Carleton, high school student, made a wonderful background.

Before the curtain went up Douglas Wordie recited "The Pied Piper of Hamlin," on which the operetta was founded, and which gave an outline of the scenes that followed.

The choruses by the townsfolk and children, and the solos, were very nicely rendered, and the acting by the various kiddies showed that great care had been taken in their training. The "rats" that scampered around the stage caused lots of amusement, while the dog "Fido" (Harold Wood) seemed to know how little dogs act and created lots of laughter.

The Rhythm Band (junior children), conducted by Margaret Adshedd, made music with sticks, bells, cymbals, triangles, drum, etc and delighted the audience.

The principal characters were:  
Pied Piper—Hughie Williams  
Town Crier—Bobbie Barrett  
Mayor—Milford Cressman

Councillors—  
Bennie Wyman, Earl Cummins and George Kercher  
Katrina—Lois Edwards  
Mother Katzenheimer—Elizabeth Austin  
Other solo parts were taken by Betty Boorman, Alice Tighe, Alice Heitman and Jack Edwards.

Both the children and teachers are to be complimented on the capable manner in which the operetta was presented.

The Didsbury Public School Staff wish to sincerely thank all the parents who so wholeheartedly co-operated in the making of costumes for the operetta. Also Mrs. Boorman who so competently assisted at the piano, and Eddie Carleton for his splendid work on the scenery.

## WEDDINGS

LEMONT—REIST

A very pretty wedding took place in the Didsbury M.B.C. Church on Thursday, April 2, 1936, at 8 p.m., when Miss Pearl Reist, daughter of Mr. and Mrs. Theo. Reist, of Didsbury, Alberta, became the bride of Mr. Nelson Lemont, of Hoadley, Alberta.

By 7:45 p.m. the church was well filled with friends and relatives from far and near, ushered in by Messrs. Crosby Archer and Russel Sherick. The platform and altar had been decorated for the occasion with ferns and candles, and it thus made a very beautiful setting for the bridal party as they took their place to the strains of "Chapel in the Mountains," played by Miss Ruby Traub.

The bride was dressed in navy blue silk crepe with overlace and wore white roses. She was accompanied by her sister, Mrs. Maynard Snyder, dressed in wine-colored silk and wearing roses and lilies-of-the-valley.

The groom was supported by Mr. Maynard Snyder, and Rev. C. J. Hallman, assisted by Rev. A. Traub, performed the ceremony. Mrs. John Suder sang very beautifully two solos.

After the ceremony the guests drove to the home of the bride's parents east of town, where a very delightful reception was enjoyed by about 60 persons. A bountiful dinner was served at tables prettily decorated with candles of various sizes in pink, green, yellow and mauve. Many lovely gifts were presented to the happy couple with the hearty congratulations and best wishes of their friends. During the evening Mrs. Suder sang, "Just a Song at Twilight."

Mr. and Mrs. Lemont left by train Monday of this week for their home near Hoadley, Alberta. Our best wishes accompany them.

## Pot Luck Dinner.

A novel feature was enjoyed on Monday evening when the cast of "Eyes of Love" with their husbands and wives sat down to a "Pot Luck" dinner in the Knox Church basement.

The menu consisted of creamed potatoes, veal loaf, pickles, vegetable salad, bread and beans, the dessert being fruit salad, three varieties of cake, and coffee. No one person knew what the other was to bring. Olives and Ritz biscuits were the only articles duplicated, so it only meant eating more olives and becoming more ritz.

We are sorry to have caused so much anxiety on the part of some of our members who paced back and forth before the well filled shelves of our local grocery stores, trying to decide what to bring. However, we heard the very favorable comment, "Even a pot-luck dinner isn't to be sneezed at."

## Hockey Broadcast

The series of Allen Cup finals for Dominion supremacy in the senior hockey play-offs will be broadcast over a network of Canadian stations from Winnipeg on April 9th, 11th and the 13th if the third game of the best two out of three is necessary. CFAC in Calgary will release these all-important broadcasts commencing at 8:15 p.m. M.S.S.

## What About State Medicine?

State medicine as a solution of the "cost of health" problem is a subject very much in the air in the Western Canadian provinces just now and judging from cumulative public demands it is only a question of time and probably a very short time before state medicine or public health insurance, in whole or in part, will be in effect generally in the west.

It is perhaps not surprising that the public mind is rapidly crystallizing in this direction. A number of factors are responsible for this. One of them is the much publicized depression of the past few years. During this period local governments have found it necessary to provide medical and hospital care for a large number of relief recipients and, of course, the cost has had to be passed on to the taxpayers.

In addition to that, very many of these taxpayers have during the past few years found it increasingly difficult to keep pace with growing tax bills and at the same time stand the expense of hospital and medical bills for themselves and other members of their families, for they have found that medical and hospitalization expenses have not declined in proportion to their own incomes.

Further than that all classes of the community are demanding a high standard of medical and hospital service. The hospitals that are best endeavoring to cater to this demand find that they cannot continue to operate at much less than pre-depression costs because of the difficulty of collecting accounts and the doctors declare that they cannot afford to reduce their fees to a scale commensurate to the pocketbooks of their clients because they, too, find the percentage of accounts they can collect from paying patients diminishing.

With this situation staring them in the face people generally are turning in the direction of state medicine as a way around these difficulties and the move is receiving support from at least some of the members of the medical profession.

The question, however, is a big one and bristles with many features which deserve full consideration before the plunge is made. While state medicine undoubtedly offers advantages there are some phases which should be dissected with care.

Not the least of these is the question of cost and how it is to be distributed. In other words who is to provide the means and from what sources. It would also be the part of wisdom to ascertain with reasonable certainty that the advantages which the most enthusiastic advocates of state medicine claim for it can be realized in full degree before a complete scheme is made operative and whether the benefits are likely to be commensurate with the cost.

British Columbia and Alberta governments are both discussing health insurance schemes of more or less provincial scope and considerable pressure is being brought on the Saskatchewan government to adopt a scheme with prospects that before the legislature now in session adjourns, some consideration will be given to public demands.

The British Columbia plan makes provision for partial medical, hospital and dental services for certain specified classes of the community. Yet the total outlay is estimated at \$7,287,500 a year or \$12.50 per person. The amount to be contributed by the provincial government is limited, which may result in curtailment of the benefits and hospital service is limited to 21 days.

The Alberta Health Insurance Act, passed by the former legislature, but not yet brought into operation by proclamation, is based on the local option principle. In other words it can be brought into effect in any district in which the majority of the electors so decree by vote.

The Alberta measure provides for full medical, dental, hospital and nursing services without some of the limitations prescribed in the B.C. plan, but the total estimated expenditure is \$14.50 per person per annum, of which the district would contribute by local taxation \$11.28 and the province \$3.22.

Varying estimates have been made of the cost of a full scheme for Saskatchewan ranging from \$8,305,000 to \$6,786,000 for a service exclusively for farmers and members of their families, the latter figure being quoted by the rural municipal organizations, provided a similar plan to that proposed in Alberta was adopted.

Even on the basis of the latter total expenditure, the average annual cost per municipality, it was found, would be \$22,472, involving a municipal tax levy for that purpose alone, above or below ten mills depending upon assessment and population.

With these figures in mind and remembering the depleted state of provincial and municipal treasuries and the difficulty of collecting taxes under conditions which have existed in recent years it would appear reasonable to suppose that no complete scheme could be financially successful without some assistance from the Federal government or unless some other source of revenue than the land within the province adopting such measure can be found.

Taking all circumstances into consideration it might be wise, if the adventure is to be made, to try it out on an experimental basis, either by applying a complete scheme to a group of municipalities or district with the provincial government guaranteeing a deficit or by applying a partial service to an entire province. A test on some such basis would yield practical information as to when and how far further extensions could safely be made.

## Stamp Must Be Requested

If Properly Tagged Return Poultry Crates Not Dutiable

With regard to the export of live poultry from Canada to the United States, there is no duty charged on properly marked return crates, but a duty of 30 cents per crate is charged Canadian shippers on the return of their crates into Canada, unless, prior to shipping the poultry to the United States, the Canadian shipper has the crates properly tagged by a Canadian Customs official as being of Canadian manufacture. A Customs stamp is placed by the Customs officer on wooden crates, and a metal seal is attached to metal crates. In order to have this stamp placed on the coops, it must be requested by the Canadian shipper.

## WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a camel but have no camel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

## All Parties Represented

Committee Chosen To Study Elections Act And Amendments

Justice Minister Lapointe has announced the personnel of a special committee of the House of Commons to study the Dominion Elections Act of 1934 and amendments.

All parties are represented on the committee which comprises 22 Liberals, five Conservatives, one C.C.F., one Social Creditor and the one member of the Reconstruction party.

## MAKE YOUR OPPORTUNITY

What with more employment about, more trade, and more money to spend, now's the time to make the most of opportunities—for as Shakespeare wrote, "There is a tide in the affairs of men, which taken at the flood, leads on to fortune." Obviously this is a time to make the opportunity, not wait for it, and if some have the desire, and lack the urge to do so, then their stock of nerve force is disastrously low, and should immediately be raised to the necessary working power level with Phosferine.

As always, the race is to the strong, and the energising vitality of Phosferine ensures that one easily holds one's own in competition with others. The origin of most failures, disabilities, and inferiorities, is deficiency of nerve force, which a short course of Phosferine soon replaces with the stamina to make your opportunity!

To fight the Dutch elm disease that menace's America's elm trees, 3,000 men are at work on a program costing \$2,500,000.

Buildings in Japan are limited to a height of 100 feet, or eight floors, above street level.

## To Encourage Women Writers

Prizes Offered For Best Non-Fiction Article By Canadian

To encourage younger newspaper-women and stimulate interest in more inspiring journalism from women writers, the executive of the Canadian Women's Press Club announced its memorial award of \$25 and a silver medal will be given this year for the finest piece of writing by a Canadian woman appearing in non-fiction.

Entries may be special articles or essays, dramatic, literary, musical or artistic criticism, editorials in magazines, newspapers or other periodicals, reportorial assignments or interviews.

This award is believed to be the first prize offered in Canada for competition among women writers for newspaper and non-fiction articles.

The contest is open to any woman writer actually resident in Canada within 12 months preceding publication of the entry, whether published in Canada or elsewhere; material will not be eligible which has been recognized by other awards.

All entries must be submitted not later than June 30, 1936, the award to be made not later than September 15, 1936; entries to go to the chairman of the Memorial Award board, Mable Crews, Ringland, Brookside, Islington, Ont.

The Memorial Award is named in honor of members of the Canadian Women's Press Club who have written their last assignment.

## Plenty Of Clocks

Liner Queen Mary Will Have Nearly 600 Installed

When the Queen Mary comes into service next June she will have on board 596 clocks, the largest marine clock installation in the world. The whole system will be controlled from the chart-house. It will consist of 39 specially-designed clocks for public rooms, 31 specially-designed clocks for entrances from decks, 54 specially-designed clocks for special rooms, 370 clocks for first-class cabins, and 102 clocks for galleys, promenade decks, crews' and officers' quarters.

Charcoal was the fuel used prior to coal in forges.

## Would Help A Lot

If the entire population could be induced to eat just one more slice of bread daily, the decline in bread consumption would be more than arrested. If Jesse Smith, president of the Millers' National Association, is correct in his estimate of results following such increase in Canada would mean an additional consumption of 742,341 barrels of flour, or 70,000,000 loaves of bread.

# Find Out

From Your Doctor  
if the "Pain" Remedy  
You Take Is Safe.

Don't Entrust Your  
Own or Your Family's  
Well-Being to Unknown  
Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with "Aspirin."

We say this because, before the discovery of "Aspirin," most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of "Aspirin" largely changed medical practice.

Countless thousands of people who have taken "Aspirin" year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: "Aspirin" is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

### ROLLED NUT WAFERS

$\frac{1}{2}$  cup "Crown Brand" Corn Syrup  
 $\frac{1}{2}$  cup butter  
1 cup bread flour  
 $\frac{2}{3}$  cup sugar  
1 cup chopped walnuts, or peanuts

Heat the "Crown Brand" Corn Syrup to the boiling point, remove from heat and add butter. Then, slowly and stirring all the time, add the flour which has been mixed and sifted with the sugar. Now add the chopped nuts. Drop small portions from the tip of a spoon on a greased cookie sheet, 2 inches apart. Bake in a slow oven. These cookies can be rolled or just left plain.

## Diamonds Have Become Indispensable Article In All Industrial Processes

Diamonds, once regarded merely as glittering gems for the adornment of feminine beauty, and coveted for their value, are now playing a prominent part in industry.

To-day there are far more diamonds used for industrial purposes than as gems. But, as hardness alone is needed for industry and not color and water, their value is less than those used for adornment.

Industrial diamonds cost from £2 to £5 a carat. A flawless gem may realize £100 a carat.

The grading, preparing, and sale of industrial diamonds is another industry which has become predominantly British.

London is now the centre of the trade, practically 98 per cent. of the world's production of industrial diamonds being dealt with within a few hundred yards of Hatton Garden.

Where once Amsterdam and Antwerp were the world centres of the diamond trade, London now reigns supreme. Amsterdam and Antwerp still do most of the diamond cutting and polishing, but the stones come from the London market.

Practically every industry now uses diamonds in one or more of its processes.

And it is diamonds, used for cutting the hardest of metals with extreme accuracy, and for sharpening and truing modern machining and grinding tools, that have in great part enabled mass production with its greater rapidity and lower costs, to be brought into operation.

Industrial diamonds play their part in producing pipe-stems, electric light filaments, cutting and shaping stone, marble, and granite in a fraction of the time previously occupied, and in boring for coal and oil.

Scientists and engineers in recent years have increased the hardness of metals so much, particularly for tool steel, that it has been found extremely difficult to get metal tools to work them.

When it was found that diamond pointed tools would cut them like cheese, diamonds became in greater demand.

Rock drilling has been speeded up so tremendously by the diamond that the diamond-faced borers now used will cut through 18 inches of the hardest granite in an hour, even at a depth of 2,000 feet in the ground.

"From the turning of vulcanite pipe-stems to the making of motor cars, there is hardly an industry which does not use diamonds in some form or other," Mr. White, of the Diamond Development Company, said.

"All the big dealers in diamonds are now in London, and it is from here that they are sent all over the world. There is also a rapidly growing industry in this country in the manufacture of diamond-faced tools for all kinds of purposes.

"Such things as motor car pistons are now machined with diamond-edged tools, which give very great accuracy and a much smoother finish than can be obtained in any other way.

"Electric light filaments, which are made from very hard wire, are drawn through a diamond in which a hole has been bored. Extreme accuracy is necessary in this process, so that the very fine wire shall always be of the same thickness.

"When metal dies were used the hole gradually got larger, altering the thickness of the wire and changing the voltage it would stand, but many tons of wire can be drawn through a diamond without the hole changing in size at all.

"From being purely a luxury article diamonds have during the last few years become an almost indispensable article in all kinds of industrial processes, and the demand for them is increasing every year as new uses for them are discovered. Fortunately the output has increased in step with the demand."

If you promise to meet a person at 3:30, always be there at 4. Then you have only five minutes to wait.

China was the first land to adopt paper money, 807 A.D.

### A Very Useful Organ

Many Ailments Warded Off By Nose States Doctor

The following interesting article is by Jas. W. Barton, M.D.: It is said that the farther north one travels the larger will the noses of the inhabitants be found.

During cool or cold weather, which together make up a considerable part of the year in the northern climate it is out of the question to breathe unwarmed air. Our lungs would soon pain us to an unbearable extent. Strenuous exercise in cold weather brings a sharp pain stabbing the lungs as the air is drawn in, part through the mouth, to meet the great demand of the lungs for air. Because of these conditions natives of colder climates are equipped with long noses as compared with short noses of natives of warmer climates where nature partially prepares the air for human use. Residents of a cool climate require plenty of radiator space within their noses.

I am quoting Fassett Edwards in an article on The Nose in Hygeia.

However, air needs more than warming before it enters the lungs. Some of the dust of the air should be removed by the tiny hairs inside the nose, the air must be moistened, and what is even more important, various infectious ailments are prevented if the moist mucous lining of the nose is in a healthy condition.

There was a time when the most important consideration was the amount of air that entered the lungs through the nose. If the middle partition of the nose (the septum) was bent an attempt was made by surgery to straighten it. And if the bony processes on either side of the nose were very large and obstructive, the removal of a part of these bones was done by a surgical operation.

To-day it is felt that in a number of cases this enlarged bone may have to be removed, but the operations are not as frequent now and every care is taken to preserve as much of the mucous lining of the nose as possible. This mucous lining is so powerful in warding off the ailments that come by way of the air—children's diseases, tuberculosis and others—that after battling harmful organisms successfully it is ready to do so again within five or ten minutes.

The nose is a useful organ aside from the above as taste is felt to be at least three-quarters smell. An inflamed nose from a cold makes food almost tasteless.

### Would Be Advantage

Light Colored Clothes For Children Might Help Prevent Accidents

"Don't buy your children black raincoats, if you have any regard for their safety," said Dr. B. Corbett, commissioner of public safety at Milwaukee and chairman of the U.S. National Safety Commission, in his address to the Board of Trade at Sault Ste. Marie, Ont.

Even for adults, said Dr. Corbett, black raincoats were bad enough but on children they were particularly dangerous, for raincoats were ordinarily worn at times when visibility is poor and motorists do not get a proper chance to see children who might be on the highway.

"Buy your children raincoats of light colors," was his advice and he further suggested that light colored play clothes for children were also an advantage for the same reason.

### Was Right At That

An Englishman who was traveling in the United States, was asked how the highways in the United States compared with those in England, and he replied that there was a contractor by the name of Dixie and another by the name of Lincoln that built excellent highways in the United States; but there was a Frenchman by the name of Detour whose work was terrible.

Sweet potatoes form the second largest vegetable crop in the United States.

### British Farmers Get Break

Tithes Levied Against Land For Centuries Now Abolished

To end the controversy which has vexed Britain for more than a century, the government announced legislation to abolish tithes paid by landowners to churches.

British farmers have revolted several times in the last few years against the payment of tithes, particularly in Norfolk, Suffolk and Kent counties, where farmers have been hard pressed since the depression.

Tithes have been levied against land in Britain since the seventh century and since 1704 they have been collected for the benefit of the Church of England, under an act of Queen Anne known as "Queen Anne's Bounty." The revenues, which originally amounted to about \$100,000 a year, were intended for the benefit of poor curates. In recent years they have risen to a total of about \$11,000,000 annually.

During 1934, when several serious protests occurred, British farmers followed the passive resistance tactics of Mahatma Gandhi by lying in the paths of trucks which officials sent to their farms to confiscate cattle and grain in payment of overdue tithes.

In a protest last spring a sign was chalked on the side of a church. "Churchmen, be sporty and pay for your own religion."

Plans for changing the tithes system, which has been a knotty problem for several centuries, were introduced in Parliament two years ago, but the issue was sidestepped because it cut across party lines. Last December a proposal was introduced for abolishing tithes. They date from pre-Biblical days when land owners were assessed their whole "first fruits" and thereafter one-tenth of each year's produce.

### Transfer Was Success

The successful transfer of a living heart from one fish's body into another was described at George Washington University by Professor George Bain Jenkins. He told of keeping transplanted hearts living in embryos of sea minnows for from eight to 10 days. "The hearts slow down a little at first, but after an hour they usually resume their normal speed," he said.

The nearest star in the firmament is 25,500,000,000 miles from the earth.

Honor is a harder master than the law.

### DON'T BE ENVIOUS—YOU CAN CROCHET THESE TOO!

Do you wish it were you—with these three lovely hand-crocheted pillows to your credit? Well, wish no more, my lady! The simple Alice Brooks patterns will show you how to make them easily—and how to use the same stunning designs for dressy doilies, scarfs, spreads. Is your crochet hook handy? Then all you need is the number of the patterns. The one in the corner that uses the popular popcorn stitch to form an eight-point star is Y5202. The lovely flower-centred square—done in varied colors—that forms the second pillow is Y5509. The open work design in the third pillow—that looks so handsome over a colored lining—is Y5513. All patterns give complete, detailed directions; illustrate the pillows and doilies, and stitches used; and give material requirements. Send 20 for each pattern (60c for all three) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

## Early Canadian Currency Tells Story Of Pioneer Business And Finance

### Prefers Commercial Life

Australian-Born Chinese Does Not Like Market Gardening

Melbourne, Australia, is contemplating a little sadly the vanishing of a familiar figure—the Chinese market gardener. In ten years the number who held stands at the Victoria market has decreased by 25 per cent., and before very long, so the experts say, there may be no more. The Chinese gardeners, once a familiar sight on every little plot of ground in the odd corners of the suburbs are the survivors of the great Chinese migration in the gold rush days. Once there were as many as 35,000 Chinese in Victoria, but restrictive legislation, the return to the homeland and death have reduced their numbers to-day to a couple of thousand.

Of the present gardeners, many have no families and the young Australian-born Chinese is no more anxious than his white fellow citizen to slave in a market garden from dawn to dusk. He prefers commerce.

### Women Homesteaders

Total Of 490 Claims Registered Last Year In Alberta

Homesteaders are flocking into the Edmonton and northern districts indicating a definite back to the land movement according to the annual report of the provincial land department tabled in the legislature by Hon. C. C. Ross, minister of lands and mines.

For the calendar year of 1935 homestead entries were 1,636 and of this number 1,012 were registered at the Edmonton office. Women farmers or "farmerettes" are also coming into the picture more largely than hitherto, according to the report. No less than 490 of the total homestead entries during the year were registered by women.

Schultz—"Your opening sale has closed. What now?"

Schwartz—"Our closing sale opens."

Ice skating on a dance floor laid out like a multi-colored checker board is popular in Moscow, Russia, this winter.

Echoes of Canada's early days when a dollar was a "piastre" and "pieces of eight" were practical units of currency, reached Montreal a short time ago via the international banking route.

From a bank in the United States, The Royal Bank of Canada received for redemption a bundle of old bills issued by the Union Bank, Montreal, Lower Canada, and dated 1838. Thin, some of them slightly dog-eared, the printing faded, they must have lain in some bottom drawer or old chest for nearly 100 years. There were 83 individual bills in the bundle in denominations of \$1, \$2, \$3, \$5 and \$10. Their total value was apparently \$140.00.

The bills themselves tell a romantic story of Canadian pioneer business and finance. Engraved on the face of the "\$10" is a representation of a railroad train, presumably the first railway in Canada, which began operations between Laprairie and St. Johns, Que., in 1836, two years before the bills were issued. By a coincidence, The Royal Bank of Canada this year has issued a calendar depicting the opening of this same railroad.

It is interesting to note, too, that the bills are printed in a polyglot of English, French and Spanish. The one dollar bill is engraved in French, English and a combination of French and Spanish, for the word "dollar" is translated on the opposite side into "une piastre." The use of the word "piastre" and its existence in financial parlance 100 years ago arose from the active trade which had grown up between Canada and the Caribbean.

Halifax and other Maritime merchants of 1838 were already familiar with this term through their dealings with many Spanish business men trading in the Maritime ports. Spanish currency was then common in Canada, particularly in the East and "piastres" were generally accepted as the equivalent of dollars. It is from this same term that our common expressions "two bits" and "four bits" originated; for the "piastre" was divided into eight equal parts, the "pieces of eight" of pirate fiction, each piece being a "bit"; thus "two bits" became a quarter or 25c, four bits, 50c, and so on.

Other details of the old bills bring to light other unusual facts concerning the trading and financial practices of the early days. At that time there was no legal currency in Canada. Groups of men organized themselves from time to time into local banks and issued bills to facilitate business dealings. Frequently the bills were issued payable to some stated individual, or "bearer". Thus, one of the \$5 bills of the 1838 issue reads: "Union Bank pay on demand \$5 to R. Harvey or bearer", Mr. Harvey's name being written in by the bank.

This story, unfortunately, has a sad ending, at least for the people who have presented these old bills for redemption. Little is known today of the Union Bank of Montreal, "The Union Bank of Lower Canada," however, did exist and later became the Union Bank of Canada, which was absorbed by The Royal Bank of Canada, and it is perhaps because of this circumstance and the confusion between the names of the two banks that these old bills have found their way to The Royal Bank of Montreal.

Saddest of all, the "Counterfeit Detector", used by bankers as a book of reference, states in cold, unsentimental language: "Union Bank of Montreal: bank unknown and notes worthless."

But in this the "Counterfeit Detector" is wrong. The bills are not worthless. People interested in old coins and bills value them at 10c each. Thus, by the passage of time, \$140.00 becomes a mere \$8.30.

Those still on relief in the United States almost equal in numbers the total population of Canada.

Fur resources in the United States yield an annual income to trappers of \$65,000,000.

### Thankless Task

We often wonder what prompts a man to permit himself to be cajoled into serving on a municipal council. It is certainly not the remuneration; it is certainly not the prestige attached to the office, for an otherwise quiet, inoffensive, good-living citizen becomes a social outcast, according to many and the butt of every wit and jester in the district whenever he becomes a councillor. If he drags roads in the summer he is spending too much money; if he doesn't his lack of initiative and interest is broadcast far and wide. If he opens roads for winter travel, he is a fool, if he doesn't he belongs to an age and generation which should have no place in our modern up-and-going world.

### The Home Town Paper

How many of you have read the tribute to the "home town newspaper" that Will Rogers wrote shortly before his death?

"Take away my ham," wrote he, "take away my eggs, even chili, but leave me my newspaper. Even if it has such purely local news as 'Jim Jones came home last night unexpectedly, and bloodshed ensued,' or 'Jesse Bushyhead, our local M.D., is having one of the best years of his career, practically speaking, but they just won't pay him when they get well' Now all that don't seem much news to you. 'But its news to you when you know the people and they are your own folks. So, no matter how punk you may think your local newspaper is getting, why just take it away from you and see how you feel. The old newspaper, I think, is just about our biggest blessing. So let's all read and be merry for tomorrow the paper may not have enough ads to come out.'"

### Items of Interest

The government intends to offer a bond issue in order to pay off holders of savings certificates. Hon Charles Cockroft, provincial treasurer, stated in the legislature Friday, when the compulsory refunding bill was considered in the committee of the whole, demand and term certificates between \$9,000,000 and \$10,000,000.

Last August 25, the province suspended payments of savings certificates, following the "run" that occurred just after the provincial election.

CFAC in Calgary has a new station identification accompanying the station call. It is the corresponding notes of the scale—CFAC. This Calgary station is the only one, as far we know, in Canada with musical chimes to match the call letters. In fact a quick glance through the list of North American stations leads us to believe that there are only two or three whose letters are within the musical scale, so that CFAC verbally and musically announces the fact that listeners are tuned Calgary's Freindly Station.

## Inverness News.

A successful play was given by the young people of the district on Friday "For Pete's Sake" caused a great deal of laughter, with Earl Grace splendid as a college football star, later disguised as an old gardener. Another splendid performance was that of Bob Toppin as a big worded esp, also disguised later as a housemaid. Miss F. Edwards as the aunt acted her part to the life, with the Misses Oma Brown and Ida Nettney giving good accounts of themselves as two young ladies of college. Messrs P. Luft, H. Ness, J. Millburn, F. Lucas and Mrs. McConnell and Mrs. F. Toppin, made up the rest of the cast, not forgetting Eva Jahnke as "Jasmine," the black cook and a believer in ghosts. After the play lunch was served and later there was dancing, the music being provided by Messrs S. Brown and P. Luft.

### BERGEN—NICHE VALLEY

Ezard Eliasson, who has sawed 200,000 feet of lumber for Mr. Bener, has moved his mill to J. Davidson's place.

We have sawmills out here to peddle, if somebody wants one.

A son was born to Mr. and Mrs. Alva McCue at Mrs. Plant's residence last week. Dr. Clarke was the attending physician.

Bob Stevens and Hale Goehee are moving their sawmill from the Berger place to west of Sundre, where they intend sawing for the present.

Rev. Oscar Snyder attended the M. B. C. Conference in Didsbury last week. He has been here four years and we hope for his return among us this year.

Ira Gamble, who came here in 1908, received the patent on his second homestead dated March 25, 1926 for S. E. 34-31-65. He has a ranch of seven quarter-sections and his eight sons each take a homestead the ranch may be larger.

CHEVROLET uses the famous Valve-in-Head engine design because every engineering test shows that the Valve-in-Head principle results in greater power—more flashing pick-up—finer hill-climbing ability.

But that's only half the story. For this same Valve-in-Head engine is the secret of the big savings on gasoline and oil that Chevrolet owners boast about. The fact is, this principle results in more than a 10% fuel saving as compared to the conventional design.

Chevrolet goes right on from performance and economy to give you ALL the good things—features not combined on any other low-priced car! Check the list below—compare the new 7% GMAC time payments.

**Weekly News Letter**

from Edmonton.  
By T. B. WINDROSS

**EDMONTON—(Press Gallery)—**  
The Alberta legislature neared its climax as this week began, with pro-rogation conceded not beyond the middle of the week. Friday thirty-three bills were given royal assent when His Honor W. L. Walsh, Lieutenant Governor, attended the house and gave his assent. Among these bills were three outstanding Social Credit measures: the Recall bill, the new School Act and the Social Credit Bill. These thirty-three bills with those assented to ten days ago brings the total now on the statutes to 78 as the result of this session's work, and before pro-rogation a number of others will have been made law.

During the week the refunding bill was given first and second reading and is due to get third reading before the session ends. This bill created a small storm of interest in the house and throughout the country, coming as it did at the time the province's request for financial aid to meet its maturing obligation of \$3,200,000 was refused by the Ottawa government. D. M. Duggan, the Conservative leader, warned the government the bill would be regarded abroad as default on the whole of the province's public debt and, he said, great harm would be done the province's credit. It was also attacked as being damaging and unconstitutional by G. H. Van Allen, Liberal, Edmonton, and by other members of the opposition. But the government passed it through committee with only two minor alterations, both being suggested by members of the opposition.

An amendment empowering the government to replace bond maturities called in by other kinds of stocks, as well as by these stocks, came from a suggestion by D. M. Duggan, and the other change leaving out all mention of either minimum or maximum interest rates on the stocks to be issued, also came from the Conservative leader.

Premier Aberhart tabled the full correspondence between the government and Hon. Charles Dunning, federal finance minister, on the matter of the loan and the loan council proposals of Ottawa. This correspondence reveals that Premier Aberhart throughout negotiations has refused to surrender any of the province's autonomy over its own finances. Mr. Dunning plainly states that the refusal to agree to the loan council and the move to refund the provincial debt at lower rates of interest are responsible for the refusal by the dominion. Now the refunding bill has actually become a reality there is much speculation as to how far it will be implemented by the province. It does not come into effect until proclaimed.

The matter of the province's savings certificates came up in a question in the legislature when L. A. Giroux, Liberal, Grouard, asked the provincial treasurer what position these certificates held in the government's refunding scheme. Mr. Cockcroft replied that it was the intention of the government to issue special bonds or stocks to take the place of these certificates and thus protect the holders from loss. There are approximately \$9,000,000 worth of certificates outstanding now.

The chief objection to the refunding bill was stated by opposition speakers to be its compulsory fea-

In his evidence given before the public accounts committee of the legislature, R. J. Magor, special financial adviser to the government, said there was nothing in the financial condition of Alberta to justify a commission form of government to replace the present legislature, as had been done in Newfoundland. Replying to questions by opposition members Mr. Magor said it was not stating exact facts to say the financial condition of the province was "a mess." He thought that term would not be used by any expert. The reference was to the time when the present Social Credit government came into office.

It was announced here Saturday that the new program of studies for Alberta schools, applicable to all but rural schools in the province will become effective in part on

September 1 this year. It contains radical changes in the educational setup as it is at present.

A new bill which proposes to provide provincial backing for new industrial firms and aiding present concerns in extension programs, was introduced in the legislature on Friday by Hon. E. C. Manning. It empowers the government to give guarantees, but there are limits in the bill to the extent of these guarantees.

The prorogation of the session will close one of the most important and interesting sessions of the legislature since Alberta was created a province in 1905. It opened with every formality on February 6 and has continued, contrary to expectation, for nine weeks. It was expected the session would not last longer than six weeks when it began its sittings. A description of the proroguing ceremonies will be found in this column next week.

**Municipal District of Waterloo No. 312.**

BY-LAW NO. 5.

A By-law of the Municipal District of Waterloo, No. 312, respecting the prohibition of animals running at large.

Under the authority and subject to the provisions of The Domestic Animals Act, the Council of the Municipal District of Waterloo, No. 312 enact as follows:

"Domestic animals shall be prohibited from running at large in accordance with the following schedule:

Class of Animal	Period of Prohibition	Area of Prohibition
1 Horses	Whole Year	Whole Mun. Dis.
2 Asses	"	"
3 Mules	"	"
4 Cattle	"	"
5 Goats	"	"
6 Geese	"	"
7 Sheep	"	"

Notwithstanding anything herein contained, any resident of the Municipal District may allow sixty (60) head of horses or cattle to run at large for every 160 acres of land owned by him within such district.

Provided also that all such horses or cattle mentioned in the foregoing paragraph must be the property of the owner of the land.

Certified to be a true copy of By-law No. 5, as amended,

(Signed) E. W. MILLER,

Secretary-Treasurer

Pounds are established throughout the district, and the above by-law will be strictly enforced.

By Order of the Council.

## QUICKLY FREES PIPES from clogging matter

Use Gillett's Pure Flake Lye regularly and you'll keep sink drains, tubs and toilets running freely. Each week pour it down full strength—it will not harm enamel or plumbing. Kills germs and destroys odors as it cleans. Gillett's Lye eases up dozens of heavy cleaning tasks—saves you tiresome work. Keep a tin on hand!

\*Never dissolve lye in hot water. The action of the lye itself heats the water.

**FREE BOOKLET**—The Gillett's Lye Booklet shows you practical ways to lighten many household chores with this powerful cleanser and disinfectant... tells also, how to use Gillett's Lye for thorough cleaning in and around farm buildings... gives complete instructions for making fine-quality soap at home. Write for a free copy to Standard Brands Ltd., Fraser Ave. & Liberty St., Toronto, Ont.

The inscription on the American Liberty Bell may also be found in Leviticus 25:10 in the Bible.

The easiest thing in the world for a man to do is to think of the right excuse at the wrong time.

## Instant Relief From ITCHING

Are you tormented with the itching tortures of eruptions, eczema, scales, rashes or other skin afflictions? For quick and happy relief use pure, cooling, antiseptic, liquid D. D. D. Prescription. Its gentle oils soothe the irritated and inflamed skin, thus aiding nature itself to heal the disorder. No fuss—no muss. Clear, greaseless and stainless—dries up almost immediately. Stops the most intense itching instantly. A 85c trial bottle, at drug stores, will prove it—or money back. D. D. D. Prescription is made by the owners of ITALIAN BALM.

## WORLD HAPPENINGS BRIEFLY TOLD

Daylight saving will be in effect in Toronto and Montreal from April 26 until Sept. 27, city councils decided.

The Franco-Canadian treaty of navigation signed at Ottawa, December, 1933, has been ratified by the senate.

European wheat production will fall below last year, it was forecast by the Institute of International Agriculture in a report showing a general drop in winter crops.

The Australian government has decided to erect a group of bronze statuary in front of the parliament buildings at Canberra as a memorial to King George V.

Traffic returned to normal in London after a one day strike of 1,000 taxi, bus and street car drivers as a protest against orders shortening their lunch hours.

The Donnelly resolution to provide pensions for the blind passed in the House of Commons but Finance Minister Dunning held out no hope that pensions would be paid this year.

Total ordinary revenue of the Dominion government for the month of February was reported in the Canada Gazette at \$23,023,052 compared with \$23,292,909 in Feb., 1935, a decrease of \$269,856.

The 1936 British Mount Everest expedition, led by 51-year-old Hugh Rutledge, left Darjeeling, India, in an attempt to conquer the world's highest mountain with the blessing of Buddhist Lamas.

Fingerprints of all persons obtaining permits to carry revolvers will be taken and kept on file by provincial police, it was announced by Lieut.-Col. L. Lambert, chief of the Quebec division.

## Imports Not Heavy

Canada Manufactures Ninety-Two Per Cent. Of Soap Used

The cost to Canada is more than \$9,000,000 a year to keep moderately clean and the women of the country pay two-thirds of that amount for ordinary household or laundry soap, soap flakes, chips and powdered soap, according to information received from the department of trade and commerce in Ottawa. The remainder of the amount is paid out for toilet and castile soap of which nearly two and a half pounds are used annually for every man, woman and child in the country.

Ninety-two per cent. of the soap that hides ingeniously in bath water, that slips out of the soap dish, that is rubbed behind Johnny's ears and smarts in father's eye when he shaves, is made in the Dominion, while local manufacturers contribute an even greater percentage of the huge bars that melt in the dishwasher or disappear in the washing machine.

The United States is Canada's best customer for soap while it at the same time supplies Canada with most of its soap imports. Exports to the United States last year totalled \$594,926 while imports amounted to \$344,980.

## "Aspirin" Trade Mark Sustained

A warning is found in the judgment just given by the Exchequer Court of Canada at Ottawa, in an action brought by The Bayer Company, Limited, owner of the trade mark "Aspirin". The action asked a judgment of the court restraining the defendant from infringing the trade mark by selling tablets as "Aspirin" which were not the product of The Bayer Company. The judgment restrains the defendant permanently from putting out any of his own tablets as "Aspirin" or under any name so similar to "Aspirin" as to be confusing and awards The Bayer Company damages and costs.

New Boarder — This is excellent hash. What's your recipe for making it?

Landlady—I have no recipe. It just accumulates.

North America is the only continent with rich coal reserves far inland from the coast.

## No Candy For Quints

Probably Will Have Ice Cream At Birthday Party

Interviewed during his visit in New York about his charges and their future, Dr. Allan Roy Dafoe, physician to the Dionne quintuplets, said:

"None of them has yet tasted ice cream or candy. We'll probably give them their first taste of ice cream at their birthday party in May. Their normal diet includes spinach, soup, orange juice and all the other things which a mother feeds a normal baby. We do not have much trouble with them. Marie, the youngest, is a little impatient, perhaps. But we are teaching them to depend on themselves and on each other. They form a little combine together."

Their mental development is normal, and they are leading happy lives. They can say "bonjour and au'voir," for so far they are learning to talk only in French, the family tongue, the doctor said. "I hope that they will be able to meet and mix with their brothers and sisters before they are three or four years old."

## Pottery Clays In Canada

Fireclay Deposits Found In All But Two Provinces

Pottery clays are not widely distributed in Canada, states the Department of Mines, but there are a number of deposits of importance, particularly of china clay, in Quebec and British Columbia; of ball clay, used in the compounding of porcelain, in Saskatchewan; and of stoneware and earthenware clays in Nova Scotia, Saskatchewan and Alberta. With the exception of Prince Edward Island, and Manitoba, all the provinces of Canada are known to possess deposits of fireclay. Sewer pipe clays occur in Nova Scotia, New Brunswick, Ontario, Saskatchewan, Alberta and British Columbia.

## Amused The Farmers

A story in the London News-Chronicle says in a flight of rhetoric Randolph Churchill referred to a heifer as a "little brother." His audience of farmers in Dingwall market place rocked with laughter. It was not until it was explained to Mr. Churchill that a heifer could only be a "little sister" that he appreciated the "joke."

## Mothers Aided by Guide to Better Control of Colds

Practical Plan Is Helping Families Everywhere to Have Fewer, Milder and Shorter Colds.

### SIMPLE AND EASY TO FOLLOW

Already, thousands of Canadian mothers are benefiting by following Vicks Plan for Better Control of Colds—proving for themselves that it is a practical home guide to fewer and shorter colds.

This commonsense, medically sound Plan represents the 30 years' experience of Vicks Chemists in studying colds. It has been tested in extensive clinics by practicing physicians—further proved in everyday home use throughout the country.

Here, briefly, are the three simple steps in Vicks Plan:

### 1. To Help Build Resistance to Colds

Live normally—avoid excesses. Eat simple food and keep elimination regular. Drink plenty of water. Take some exercise daily—outdoors preferably. Get plenty of rest and sleep.

### 2. To Help Prevent Many Colds

At the first warning nasal irritation, snifle or sneeze, use Vicks Va-tro-nol just a few drops up each nostril. Va-tro-nol is especially designed for the nose and upper throat—where most colds start. Used in time, Va-tro-nol helps to prevent many colds—and to throw off head colds in the early stages.

### 3. To Help End a Cold Sooner

If a cold has developed, or strikes without warning, rub throat and chest at bedtime with Vicks Vapo-Rub. Vapo-Rub acts two ways at once: (1) By stimulation through the skin, like a poultice or plaster; (2) By inhalation of its penetrating medicated vapors, direct to inflamed air-passages. Through the night, this combined vapor-poultice action loosens phlegm, soothes irritation, helps break congestion.

What Vicks Plan can do for you and your family can be proved only by trying it. Directions for following the Plan come in each package of Vicks Va-tro-nol and Vicks Vapo-Rub.

## Only a Short Time Left to Win One of These

# 272 PRIZES

2 PRIZES of \$50.00 EACH  
10 PRIZES of \$10.00 EACH and  
10 PRIZES of \$5.00 EACH

250 FANCY SEWING BOXES  
containing an assortment of  
Coats' and Clark's Threads.

## \$500.00 IN PRIZES

For Telling What the Other Needle Said

If you haven't entered this contest, your chances are still good—272 times as good! What would the other needle say about the threads everybody depends upon for firm, smooth, even strength, no matter how fine in size—Coats' and Clark's 6 cord Spool Cotton? Get an entry blank from your favourite store and write on it what you think the other needle would say. It's easy—but hurry—YOU may WIN!

### The 5 Standards of Excellence

1. In COATS' and CLARK'S 6 CORD SPOOL COTTON, 6 Cord Cable Construction makes every thread, however fine, firm and dependable.
2. Strength that holds seams secure through years of use and laundering. There is no starch coating to give only temporary strength which vanishes in washing.
3. Smoothness to withstand friction of machine and hand sewing.
4. Elasticity to provide seams that will not break or pucker.
5. Evenness which permits easy, rapid movement through the eye of the needle under tension.

## For Kiddies—Cotton—and Crochet

Household  
Arts  
by  
Alice  
Brooks

The Thing  
for Warm  
Weather  
Dress-Up

### PATTERN 5554

Lacy—airy—healthy, best describes this open mesh frock for little girls who like to play in the sunshine. You can easily crochet this simple style in colored string, for the body's entirety of a simple stitch, with contrasting yoke of the same stitch worked more closely. Isn't the finished result irresistible?

In pattern 5554 you will find directions for making the dress shown in sizes 4, 6 and 8 (all given in one pattern); illustrations of it and of all stitches used; material requirements.

To obtain this pattern send 20 cents in stamps or coin (coin preferred) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

## Made Sub-Stratosphere Flight

Moscow Scientists Seek Information As To Sky's Light

The safe landing of a sub-stratosphere balloon which carried two Soviet scientists on a flight to determine whether the sky has its own light, independent of the sun, was reported in despatches from the Vladimir district of Moscow province.

The scientists, who claimed to have reached an altitude of 10,000 metres (about 32,808 feet), were I. A. Khvostikoff, of the Soviet Academy of Sciences, and E. I. Romanoff, of the state optical institute. They obtained 15 spectrograms.

From two to five million individuals in the United States have organic heart disease.

## FLEMING'S FOLLY

— BY —  
LAWRENCE A. KEATING

CHAPTER IX—Continued

"No, you bet not. Me and Marty Bush swore off a couple of years ago."

Slowly she wheeled her pinto. "I thought perhaps you meant to try to win money to help us out. Because we are still in danger of being unable to finish the dam, aren't we?"

Link avoided her look as he shrugged his shoulders. "Some. But playin' to win means you're sure to lose. No, Helen, I'm stayin' to fix a treat that'll sure tickle you. Nope, can't tell you now. Wait an hour or two. So long!"

He stood in the thick dust watching her ride away. Then with a look of fondness, the source of which was considerably deeper than casual friendship, he started for the spot where Sheriff Stephen stood waiting.

"Buzz came on the stage while yuh were in the bank," the official notified. "I tried to stall but Jackpot Mell an' Kilgo came along an' made a fuss over Buzz an' insisted he have a drink with 'em. The hull gang is in the Half Moon now."

Furrows grooved Flemings dark forehead as he surveyed the two-story false front of the saloon. "Doggone it," he exclaimed irritably, "those hombres don't care what they do to a youngster. Of course, Buzz is only two years younger'n me—he's twenty-one. But he seems like a kid, Sheriff, that's got to be watched all the time. This'll be a fine start for a chap just paroled from prison!"

"Helen's don't know he's here?"

Link shook his head. "I sent her on home. Now," he said reluctantly, starting away, "I've got to separate Buzz from them vultures and get him out to the Triple H. Ames, it might be better if you didn't come, on account of Buzz probly saw all the lawmen at prison he cares to see for quite a spell."

"I'll let 'im alone so long's he don't go have another shootin' match. Tell Buzz I said so." And the lank officer moved off.

Through a friend at the state capitol Link had managed to have Buzz paroled after serving six months of the three year sentence. Fleming had gone to this trouble merely to please Helen, for with a sister's fondness for an errant brother, she was unusually attached to Buzz. So much so, in fact, that she never thought of him as a criminal and a weakling, but as a youth who had been unfortunate in his choice of companions. It was Helen's ambition, Link knew, to see Buzz make a man of himself so that she could one day yield him the Triple H to manage again, or divide their spread and surrender his share.

Moodily reviewing these facts, he strode inside the Half Moon. As the swinging doors flapped behind him several loafers glanced up with idle interest. Recognizing him, they exchanged significant looks and their eyes strayed to a large wall table where five men sat playing cards.

With something of a shock he identified the ex-convict for whose actions he was now responsible. Grey prison pallor had dissipated his former healthy tan and Buzz Hamilton's thin face was lined beyond his years. A furtive, hangdog expression persisted on his features and he had lost weight until he was almost scrawny. Loose, ill-made prison clothes hung in wrinkles about his sparsely fleshed body. The newcomer's whole appearance was little less than shocking.

## Mr. CAFFEINE - NERVES . . . he gets expelled from school

MANY PEOPLE, of course, can safely drink tea and coffee. But there are thousands and thousands of others who cannot. And, without realizing it, you may be one of these.

The caffeine found in both tea and coffee may be working night and day to rob you of sleep, upset your digestion or undermine your nervous system.

If you suspect that tea and coffee disagree with you... switch to POSTUM for 30 days. POSTUM is a delicious drink, and contains nothing that can possibly harm you. It is simply whole wheat and bran, roasted and slightly sweetened. It is economical and easy to prepare.

FREE—Let us send you your first week's supply of POSTUM—Free. Write for it to Consumer Service Dept., General Foods, Limited, Cobourg, Ontario.

### Pensions Court Hears Appeals

Many Cases Awaited Consideration At End Of 1935

A total of 789 appeals awaited consideration by the pensions appeal court at the end of 1935, according to information tabled in the House of Commons by Hon. C. C. Power, minister of pensions and national health. Of this number, 27 were appeals of the crown from the pensions commission, 651 were appeals of applicants from the same body, and 111 were in "other categories." The return showed 36 appeals were allowed by the court in 1935, while 1,603 were disallowed.

### ADVICE TO WOMEN

ALL women at some period of their lives need a strengthening tonic like Dr. Pierce's Favorite Prescription. The young woman who suffers from monthly pains, the expectant mother who has nausea and other disagreeable symptoms, or the middle-aged woman who experiences "heat flashes" will find this "Prescription" a dependable tonic. Read what Mrs. D. James Arnold of 512 Simcoe St., London, Ont., said: "Dr. Pierce's Favorite Prescription has done a lot towards keeping me well and healthy. I used it before each of my children came and it helped to alleviate many discomforts. I also used it during 'change of life' and it helped me equally as much." Buy now at drug store.

Fleming's eyes caught those of the ex-convict and he forced a welcoming smile as he strode the few paces to the table. "Howdy, Buzz! Glad you're back. Say, you're looking good," he lied glibly. "Helen'll shore be glad—reckon there's nothin' she's wanted more than to have your help on that old Triple H spread!"

The other's gaze fell. "I s'pose yuh are glad to see me. Got things fixed to suit yourself, Fleming, so why shouldn't yuh be?"

Utterly taken back by this reply, Link frowned. "What do you mean, Buzz? 'Course I'm glad to see you! Best part is," he chuckled, striving to win enthusiasm from those lack-lustre eyes, "Helen doesn't know a thing about it. She'll be tickled when you ride up! Shall we start now?" he suggested.

(To Be Continued)

### Little Helps For This Week

Whatsoever a man soweth that shall he also reap. Galatians 6:7.

Sow love and taste its fruitage pure,  
Sow peace and reap its harvest bright;  
Sow sunbeams on the rock and moor,  
And reap a harvest home of light.

The life above is the ripe fruit of the life below. The inclinations of the soul which shall issue hereafter in perfection must be trained in us throughout the whole course of this earthly life. The future perfection of the saints is not a translation from one state or disposition of the soul into another, but the carrying out as it were the blossom and fruitage of the one and same principle of spiritual life which through their career on earth has been growing into a promise of perfection, reaching upward after perfect holiness.

The Croydon, Surrey, Eng., library collects an average of \$500 monthly in fines imposed for keeping books over time.

### Burnside Notes.

Mrs Otto Faas spent Monday in Calgary.

Bill McCulloch spent Sunday with Mr and Mrs Noah Eckel.

Bill Jenkins has taken a position west of town for the summer.

Mr and Mrs Walter McCulloch and Miss Rosie Bittner spent Sunday with Mr and Mrs Otto Bittner.

Mr. and Mrs. Arthur Jenkins are trying a new mode of locomotion these days — Its a Chev.

Miss Una Jenkins and Edric Jenkins spent Sunday with Mrs. Otto Bittner

Mr. and Mrs. Otto Bittner were visitors at the Fred Haderer home on Monday.

The organization meeting of the Lone Pine Baseball Club was held at the Eckel home Monday evening when the following officers were elected for the coming season: Captain, Otto Faas; Manager, Noah Eckel; Sec.-Treas., Ronny Lyons.

Lone Pine Baseball Club put on a splendid play in the Hall last Friday evening. The players certainly knew their business and there wasn't a hitch from start to finish. Otto Faas as the "Major," Ronny Lyons as "Lester McVey," Art Sawers as "O'Toole," Lloyd Jenkins as "Lieut. George Rapley," and Jack Clark as "Keeling Plantum," the undertaker, were all good, while Evelyn Charlton as "Mrs. Halliday," Una Jenkins as "Clara Halliday," and Jean Hunter as "Vernie Plantum," took their parts exceedingly well. Mrs Eckel directed the play and the proceeds went to the club to defray expenses for the summer.

### LOCAL & GENERAL

Ed. Kercher informs us that he is proud to be a grandfather.

Miss Madlin Snyder, who is taking medical treatments in Edmonton, is reported as doing very well.

Mr. Noah Swalm, who has been in Edmonton several weeks, returned home last week.

Mr. J. B. Millstead, of Calgary, visited with his sister, Mrs. Booker and family, on Monday.

Mr. Orville Swingle left Monday to visit his mother and children at Chilliwack, B.C.

Try a pair of our \$2.50 Work Shoes. They are extra good value. —T. E. Scott.

Misses Ruth Gabel and Nelda Huget, who are both in training at the hospital at Kelowna, B.C., are visiting their parents here for Easter.

The Misses Eby, Dagner and Connolly, of Mountain View Bible School, left Monday for the coast where they will spend the summer.

Among those who took advantage of the C.P.R. excursion to the coast were Mr. W. A. Ausenhus, Mrs. S. A. Cartwright and Mr. and Mrs. Godfrey Carlson.

Mr. and Mrs. J. Topley are Edmonton visitors this week, attending the graduation of their daughter Elsie from the Royal Alexandra Hospital.

We have a full line of Men's Dress Oxfords from \$2.75 up. —T. E. Scott.

A. Melville Anderson, optometrist and sight specialist, will make his regular visit to the Rosebud Hotel on Monday, April 13, 1936. Eyes examined and glasses fitted.

The Edwards Boys and Albert McLaurie are scheduled to broadcast over the CFAC Amateur Hour on Saturday evening next, April 18, at 7 p. m.

The Cremona Hall Board's Bi-Monthly Dance will be held in the Cremona Hall on Easter Monday, April 13. Music will be supplied by Borbridge's Orchestra, of Crossfield, and a good time is assured all.

Mr. and Mrs. Allen Hunsperger and Miss Z. Cressman left Sunday for Stavely, Alberta, where they will attend the funeral of the late Verda Cressman, daughter of Mr. Milo Cressman.

Just received shipment of Treen's Work Gloves.—None Better. Get them from T. E. Scott.

St. Cyprian's W.A. will hold a Tea and Sale of Homecooking at the home of Mrs. Jack McCloy this Saturday, April 11, from 3 to 6 p.m. Members are asked to bring donations for the Sale.

Miss Winnie Adshad entertained about thirty young friends to an "April the First" party at her home last Wednesday evening. Games and dancing were enjoyed, but perhaps the novelties and stunts caused the most amusement.

Over fifty young people attended a miscellaneous shower recently at the home of Mr. and Mrs. E. F. Shantz in honor of Mr. and Mrs. Ray Shantz, recently married. The happy pair were recipients of many useful gifts.

The funeral of Mrs. May Belle Black, aged 57 years, wife of Henry Black, who died at her home 14 miles west of Bowden, was held at Bowden on Tuesday. W. S. Durrer of Didsbury had charge of the funeral arrangements.

Tuesday evening, March 31 a large number of friends gathered at the home of Mr. and Mrs. Theo Reist in honor of their daughter Pearl. The evening was spent in singing and speeches. Later in the evening a gift of money was presented to the bride-to-be. A delicious lunch was served.
